The work is not being executed promptly. Every time renewal of sanction is being applied for and granted. Such actions on the part of the Municipal Council will only add to the already heavy work in this branch besides it may mean nothing to the Municipality. This kind of attitude towards the observations made by Government should be deprecated. Observation made in Lr. dated 9.1.53 while renewing sanction vide for permit Sl. has not been complied effort the Municipal Council had full 2½ months at its disposal for the close of the year and could have taken prompt action to see that the work was completed and payment made last year alone and this should have been done had they attached any importance to a Government order and its observations made.
